A test project

Risk assessment

Current static risk items: 1

Critical / high: 1 / 0

Medium / low: 0 / 0

Unclassified: 0

Dynamic findings are included in the inventory but remain outside this static risk policy.

Current risk items

- critical - Credential comparison is not constant-time (Carryover)

Finding inventory

Every persisted finding is listed with its current state. Carryover findings are separate in the latest Review section.

1. Credential comparison is not constant-time

Risk: critical

Severity / priority: critical / high

State: Carryover

Module / category: static / security

Finding ID: d420d414-ce11-452a-a264-0951e0e6ed92

Location: src/auth.ts:42

Created: 2026-09-21T06:45:00.472Z

Authentication compares secret values using a timing-sensitive branch.

Evidence:

```
if (candidate === storedSecret) { ... }
```

Recommendation: Use a constant-time comparison helper.

Latest Static Review

Review: Security review

Review ID: 6769d607-39ed-42f2-8f18-1aa1d8c533e6

Lifecycle state: Completed

Execution status: Completed

Decision: Completed

Created / updated: 2026-09-21T06:45:00.472Z / 2026-09-21T06:45:00.472Z

Summary: Reviewed auth requirements and persisted source evidence.

Decision feedback: Approved with the carryover item tracked.

Decision attachments

Model usage summary

Calls: 2

Input / output tokens: 128 / 45

Cache reads / creation: 10 / 4

- mimo / mimo-v2.5: 1 calls, 120 input, 42 output tokens

- gemini / gemini-2.5-flash: 1 calls, 8 input, 3 output tokens

Usage contains provider/model and token counts only. Credentials, prompts, model responses, and hidden reasoning are excluded.

Latest existing Dynamic Test

Test: Sign-in smoke test

Test ID: dynamic-1

Status: Completed

Target: https://app.example.test/sign-in?access_token=[redacted]

Goal: Confirm sign-in rejects invalid credentials.

Created / updated: 2026-09-20T11:00:00.000Z / 2026-09-20T11:02:00.000Z

Summary: The sign-in page loaded and rejected invalid credentials.
